

# Microsoft Office Expert Excel

## INDUSTRY-BASED CERTIFICATION DESCRIPTION

Candidates for the Microsoft Excel 2016 exam must have approximately 150 hours of instruction and hands-on experience with the product. They must have an advanced understanding of the Excel environment and the ability to guide others to the proper use of the program's features. They will create, manage, and distribute professional spreadsheets for a variety of specialized purposes and situations.

Expert-level workbook examples include custom business templates, multiple-axis financial charts, amortization tables, and inventory schedules.

The Microsoft Office Expert - Excel certification exam measures the following domains: Creating and Managing Workbooks, Applying Custom Formatting and Layouts, Creating Advanced Formulas, Performing Data Analysis, and Creating Advanced Charts and Tables.
