Student Activities

2019-2020

Please register for the co-curricular student activity or activities you are interested in by using the **ALTERNATE COURSES** option during your online registration.

By registering for these activities, you are simply indicating your **interest** in the activity, and are under no obligation to participate in the program.

Program leaders will use this information to connect with you further regarding the activity (relevant to camps, clinics, and for general communication).

If you are unsure of certain choices (example: softball or track and field) register for both.

Registration Checklist

This checklist contains important information that will help you to fill out your registration form correctly. Students should consult the [Registration Guide](#) for complete details on course requirements.

Check each item when completed:

1. The following **student information** is included on my registration form: student name, six digit student number, student and parent signature with date, and current school attending is circled or indicated in the "other" space.
2. On my registration form I put an "X" in front of the following **English/Language Arts** sequence of quarter courses:
____ 0301, 0302, 0303, 0304 English 9A, B, C, D
____ 0305, 0306, 0307, 0308 Honors English 9A, B, C, D (Review the rigor expectations for this course.) (Students who register for Honors English 9 must also register for Honors American Citizenship and Government.)
3. On my registration form I placed an "X" in front of the following **Social Studies** sequence of quarter courses:
____ 1101, 1102, 1103, 1104 American Citizenship and Government
____ 1105, 1106, 1107, 1108 Honors American Citizenship and Government (Review the rigor expectations for this course.) (Students who register for Honors American Citizenship and Government must also register for Honors English 9.)
4. On my registration form I put an "X" in front of 4 core **Mathematics** quarter courses (see your math teacher for a recommendation). These 4 core courses do not include Applied Mathematics courses which are considered elective courses and may be taken in addition to your 4 core courses as electives. **NOTE:** Some students will be directed to take Intermediate Algebra Concepts. This is a permission only mathematics course.
5. On my registration form I placed an "X" in front of the following **Science** sequence of quarter courses. These 4 core courses do not include Applied Science courses which are considered elective courses and may be taken in addition to your 4 core courses as electives.
