

Exclusive Girls Club which may change your future!

Girls Who Code Club!

WHAT IS A GIRLS WHO CODE CLUB?

Girls Who Code Clubs are meant for girls to join our sisterhood of supportive peers and role models and use Computer Science to change the world. When you join the Club, you will be able to learn about inspiring role models. You then work in teams to design and build a Girls Who Code Project that solves problems through code!

WHAT WILL I LEARN?

Our Club encourages you to impact your community in a positive way through coding. In order to build the skills you need to make an impact, you will learn how to code from our fun online tutorials and activities that will help you build animations, games, apps, and other things that you dream up!
