

Virginia Interventional Pain & Spine Centers is a rapidly growing medical specialty who is seeking a board-certified physician's assistant looking to join a fast paced interventional-based pain management practice. This primarily outpatient-based clinic sees approximately 25-30 patients per day. In addition, there are first assist opportunities in the outpatient surgery setting several times per month.

Qualifications

- Board certified in the state of Virginia
- DEA license
- Call taken via phone with occasional need for inpatient consults
- Ability to work in a fast-paced environment

Benefits

- Competitive salary
- Quarterly bonuses based upon production
- 401 K with matching contribution
- Paid vacation with CME and allowance
- Comprehensive benefits package

To apply for the position please send resumes to jpickel@vapainsc.com To learn more about our practice please visit our website at www.vapainsc.com.
