Dear Parents, Students, Guardians:

The U.S. Congress has passed educational legislation (Section 9258 of No Child Left Behind Act of 2001) that requires schools to provide names, addresses and telephone numbers of students, generally juniors and seniors, to Armed Services recruiters in order to provide students with information regarding service and college opportunities.

A provision of the act, however, allows parents and students to request their names not be released to recruiters. Specifically, the provision states "A secondary school student or the parent of the student may request that the student's name, address, and telephone listing not be released without prior written parental consent, and the local educational agency or private school shall notify parents of the option to make a request and shall comply with any request."

If you wish to "opt out", please complete the form below and return to the guidance office or mail to us at Spaulding High School, 155 Ayers Street, Suite 1, Barre, VT 05641. We must receive your response by September 15th or we will assume you give your permission. NOTE: This form must be completed annually.
