"Albany Area Schools"

Albany Area Schools Community Members,

As another precious summer draws to a close, we are looking forward to an exciting fall in the Community Education office. Here's why!

- We will be ushering in our second BEAT Performing Arts Series season, which has sold over 500 season tickets;
- We will be welcoming over 130 preschool students into our elementary buildings for their first school experiences;
- We will be offering several new programming opportunities, including a self-defense class, a garden tour night - *Blooms & Beverages*, and several new youth programs - see page 8 (more information coming soon)!

On a personal note, my husband and I are also excited for fall as we will be welcoming our first child sometime in early September. I will be out of the office for a majority of September and October, returning part time in November. While I am out, feel free to contact Kelly, Brad or Alisa with any Community Education related business.

Enjoy these remaining days of summer, and have a wonderful fall!

# STARGAZING LIVE

## Minnesota Starwatch Party, Ages 7-Adult

Mike Lynch

Make the stars your old friends as we watch the great celestial show in the skies over Albany. We'll have giant telescopes aimed at Saturn, Jupiter, star clusters, galaxies, and other great celestial treasures. We'll also check out constellations like The Big Bear, Cygnus the Swan, Pegasus the Winged Horse, and hear some of their great stories behind them. Along with visual telescopes, we'll have an astronomical camera system to really see distant celestial targets on a video screen. Mike Lynch is a meteorologist at WCCO Radio and has been hosting star watch parties and teaching astronomy classes for over 48 years. Even if it's cloudy you'll learn a lot and have a great time!
