

**Math Survey Assessment
Readiness Skills***

Kindergarten Level

Name _____

Date _____

<p>Rote Counts to:</p> <p>Minimum level: 1 to 20</p>	<p>Counts a group of objects--in random order: (circle correct responses)</p> <p>3 1 2 5 4 7 6 9 8 10</p> <p>Minimum level: 1 to 10</p>
<p>Counts Backwards 10 to 0.</p> <p>Yes No</p>	<p>Reads/recognizes numbers--in random order: (circle correct responses)</p> <p>1 2 3 4 5 6 7 8 9 10</p> <p>Minimum level: 1 to 10</p>
<p>Joins Sets</p> <p>Say: "This many _____ and this many _____ make how many _____?"</p> <p>Present objects in the following groups: (circle correct responses)</p> <p>1 and 2 2 and 1 1 and 3 2 and 2 3 and 2 4 and 1 2 and 4</p> <p>3 and 3 5 and 2 3 and 4 5 and 3 4 and 4 6 and 3 4 and 5</p> <p>5 and 5 4 and 6</p>	
<p>Number Comprehension</p> <p>Say: "Show me this many (point to number symbol) _____ (whatever objects you are using)." Numbers are presented randomly. E.g. "Show me this many blocks." (pointing to the number 3) (circle correct responses)</p> <p>3 1 2 5 4 7 6 9 8 10</p>	

Writes numbers: (circle correct responses) 1 2 3 4 5 6 7 8 9 10	Predicts what comes next in an established pattern: (present 4 to 5 different patterns) Yes No
Identifies: (circle correct responses) Circle Triangle Square Rectangle	Draws: (circle correct responses) Circle Triangle Square Rectangle
Names the days of the week in order. (circle correct responses) Monday Tuesday Wednesday Thursday Friday Saturday Sunday	Names and identifies the tools and what they measure/are used for. (circle correct responses) Clock Calendar Money (as a group, coins only)

* Materials needed:

- 10 objects
- Number cards 1 to 10
- Writing paper
- Pattern sheet or object to create concrete patterns
- Shape cards: Circle Triangle Square Rectangle
- Clock, Calendar, Coins (penny, nickel, dime, quarter) or picture representation of each
