

LUNCH PROGRAM

Our caterer, Flik Independent School Dining (www.flikisd.com), promises “To provide wholesome, nutritious meals that fuel the minds of our campus communities, each and every day.” Our hot lunch menu starts at Pre-K. In addition, there is a daily salad bar, soup station, deli station, and a specialty station, which may include hot sandwiches or grain bowls. Payment for the year is made to the school rather than the caterer, and can be done so in alignment with your tuition payment schedule, lump sum, or installments. Your child eats as much as he or she would like from the menu of offerings for one price.

CAN I COME EAT WITH MY CHILD?

You are always welcome to join your child for lunch. All visitors must sign in at the front office.

SCHOOL NURSE

Our School Nurse is Sarah Beckmann; she works full time during the school day. Nurse Beckmann coordinates all required health and immunization forms and communicates regularly with parents regarding student-specific and school-wide health.

The school uses Magnus Health for collection of all medical information as well as a variety of other forms. All information about your student’s health records will be shared through our summer correspondence.
