Parking Policy Guidelines:

<ul style="list-style-type: none"> • Parking on School Grounds is a privilege. Students parking on campus must follow all guidelines at all times. • The Parking Permit must be displayed in the lower corner of the vehicle's windshield on the driver's side. • Students may park in student spots only on a first-come, first-serve basis. • Students must obey all traffic laws and regulations and drive at or below the posted 10 mph speed limit. • Monroe High School is a closed campus. Leaving campus without proper permission will result in the loss of parking privileges for 15 days (1st offense), 30 days (2nd offense), or remainder of year (3rd offense). • Transporting other students off of campus without permission will result in a permanent loss of your parking privileges. Students carpooling to Sno-Isle must have approval through Sno-Isle office. • Vehicles parked on school grounds must be in proper working order and may not display inappropriate or offensive symbols, signs, decals, stickers, writing, etc. 	<ul style="list-style-type: none"> • Consequences for violations such as: improper parking, parking in non-student spots, speeding, failure to stop, unsafe driving, removing or tampering with lane barricades, and parking without a permit include but are not limited to a \$25 fine for each occurrence. The student may be required to meet with administrators and/or have a conference with parents. • Students with multiple violations and/or outstanding parking fines may have their permit suspended or revoked without a refund. Students who continually park on campus without a valid permit may also have their vehicle booted or towed at the owner's expense. • Vehicles parked on school grounds may be subject to search with or without cause by school authorities or law enforcement. This includes when determined there are reasonable grounds that a search would yield evidence of the student being in violation of school and district policies or the law. Students and their families understand the parking lots will be subject to periodic patrols by drug sniffing dogs at times when students are not in the vicinity of the dogs. If a drug-sniffing dog "hits" on a vehicle while parked on school premises, school officials will have the authority to search the vehicle. If student refuses to allow searches of vehicle by school officials in such circumstances, students will lose their parking privileges and the case may be referred to law enforcement. If any search is refused, the Monroe School District will presume the alleged infraction is accurate in determining whether student disciplinary action is warranted.
