

# Lisle 202 Board of Education

## Meeting Highlights

May 20, 2019

---

### Accent on Achievement - District Art Show People's Choice Awards

The Accent on Achievement at the May Board of Education meeting focused on celebrating the talented students in Early Childhood through High School who won the People's Choice Awards at the Annual District Art Show in March. Each student's artwork was displayed among many tremendous student works of art and selected as examples of excellence by Art Show attendees. We are proud to honor these talented artists!

### Lisle Elementary Construction Update

As of May 20, 2019, the project is on budget but about ten (10) days behind the original schedule. The internal work in the coming weeks will include the installation of tile and millwork. The exterior focus in the coming weeks will include grading of the parking lot and pouring of the curbs. Although some of the external work has been delayed due to rainy conditions, it is not expected to affect the overall construction schedule. Most of the furniture has been ordered and is expected to be delivered in July.
