Messages/advanced techniques

Outlook on the web

1. Select  > **Display settings** > **Focused Inbox**.
2. Under **When email is received**, select **Don't sort messages**.

3. Click **OK**.

NOTE: If you don't see this option, your version of Outlook might not include this feature. We often release new features to members of the [Insiders program](#) first. After that, we release them via updates to your Office programs.
