## What Does It Mean For Me?

It means we're focused on you.

Ohio Hi-Point is a school of choice for students to gain a hands-on education in a specific career path. We'll work every day to give you an out-of-this world experience, connecting your career dreams with educational instruction.

We'll help guide you through career exploration to learn about your skills, interests, and goals. Then, we'll create a plan to reach those goals through academics, practical learning experiences using state-of-the-art equipment, and our Experiential Learning Program.

You'll have the opportunity to earn college credits, industry certifications, and grow a strong network of supportive professionals, so, by the end of your senior year, you can graduate with more than just a diploma.

# Career Programs

Robots, animals, engines, tool belts, stethoscopes, chef coats, and DSLR cameras help create our educational atmosphere. The Ohio Hi-Point Bellefontaine Main Campus offers the following programs:

Animal Science

Automotive Academy

Cosmetology

Culinary Arts

Diesel Technology

Early Childhood Education

Engineering Academy

Graphic and Media Arts Academy

Health Careers Academy

HVAC/Electrical

Outdoor Careers

Structural Construction

Welding and Fabrication

# Zoo-ming to Success

**SHELBY MCMAKEN '17**

**OHP Program:** Animal Science

**Currently:** The Ohio State University, Zoology major

"I felt welcomed from the first day at OHP. I made so many great friends from all different schools, and the teachers were approachable and helpful with any questions I had.

My dream is to become a zoologist. I applied the knowledge I learned in the Animal Science program to my internship at the Columbus Zoo and Aquarium as a Zoo Aide. I assisted with summer camps and answered guest questions at various animal enclosures.

Currently, I'm attending OSU majoring in zoology. I've created a network of professionals who are very encouraging and give me advice to help me reach my goals. Getting into OSU isn't easy, and attending Ohio Hi-Point played a part in my success."

# Your School, Your Experience

We want you to enjoy your time in high school, both at your home school and at OHP.

- **Remain active in your home school.** Our students return to their home schools for athletics, music, school clubs, and countless other school functions.
- **Participate in OHP activities.** Join, contribute, and lead OHP organizations like FFA, SkillsUSA, FCCLA, NTHS, or Student Delegates.
- **Grow your circle of friends.** Meet new people who share similar interests as you starting your first day. You'll create lasting friendships and share countless memories.
- **Experience your education.** Take advantage of college credit opportunities, our Experiential Learning Program, study trips, and competitions to make the most of your time at Ohio Hi-Point.

**ROBERT SMAYDA '10**  
Amazon, Software Engineer

"Ohio Hi-Point allowed me to try many new and exciting technologies. From building electrical systems to learning the basics of programming, I was able to experiment to find a passion in computer science and get a leg up towards succeeding in the future."

"Working with guys who had years of experience in the [construction] industry was extremely rewarding. When you think a house will probably be the most expensive thing you own, I wanted to have the knowledge to make smart decisions."

# Get Started

Students run businesses, design, repair, build, market, and are fully engaged in practical learning.

## Now's the time to explore your options.

Take advantage of our events on campus throughout the year. Meet instructors, tour labs, and see what your education could look like.

Then, during your sophomore year, submit your application. Total credits toward graduation, GPA, and attendance are all considered when reviewing applications and accepting students.

Our programs have only 25 spots per teacher and may have more students apply than can be accepted. It is important to **apply early to your chosen program**. If you're not accepted, you may be placed on a waiting list until space becomes available.
