

Code of Conduct for Sacred Heart Parents and School Guests

At International School of the Sacred Heart we value our students being able to interact with parents and guests in a safe environment. It is always the adult's responsibility to set and respect boundaries with students.

When interacting with students I will:

- Treat everyone with respect, patience, integrity, courtesy, dignity, and consideration.
- Maintain appropriate physical boundaries at all times and touch students – when necessary – only in ways that are appropriate, public, and non-sexual.
- Notify a teacher if it becomes necessary to be alone with a student on an activity.
- Inform the organizing teacher if any communication will continue with a student beyond the activity/presentation.
- Report to the organizing teacher should any concerns arise regarding the behavior of a student during or after an activity/presentation.

My signature confirms that I have read this Code of Conduct and that as a person interacting with students, I agree to follow these standards.
