The driver education program at UNIS conforms to New York State regulations. The 24-hour classroom phase of the course meets on **TUESDAYS - or - THURSDAYS - From 4:00PM to 6:00PM** For your convenience, please see **attached calendar** (if there is a need for additional classes, it will be announced).

The 6 hours of driving instruction behind the wheel and the 18 hours of in car observation can be scheduled throughout the week. **Students must attend and pass all sessions of both parts of the course to receive the MV-285.** The instructors have special State licenses and the cars are dual controlled. **The class is limited to the first 36 enrolled students.**

LEARNER'S PERMITS – Requirement as of August 2015: All students must secure a DMV Client ID number in order to receive an MV-285 Certificate of Completion. They can secure a DMV client ID number by having a NYS Learner's Permit, and/or a NYS Non-Driver ID card.

The Department of Motor Vehicles issues Learner's Permits. DMV requires proper identification, SOCIAL SECURITY CARD, paying a fee and passing both a written and eye test. The Driver's Manual and MV43.1 give the specific requirements. State Law (Sec. 507-1 V&TL) allows persons under 18 to drive in NYC only under the supervision of a licensed Driver Education teacher or if they have a Class D NYS license.

The Driver's Manual and the DMV Booklet C-41 explain the restrictions for Permit holders. Permit applications will be available at the first class. We suggest you obtain your permit when you become 16, and if possible, before the course begin.
