

Odyssey Elementary is on The Road to Success!

Dear Parent,

The Road to Success reading incentive program is a fantastic way to encourage personal reading time for children. Many businesses donate small and large prizes throughout the year for the students. The program works best with parental involvement. Please help and encourage your child so they will be successful.

Here are the instructions to log your child's reading minutes online at Road to Success.

1. Go to www.rtsutah.com
2. Choose STUDENT
3. Choose RECORD YOUR READING
4. Enter user name
5. Enter pin
6. Choose ENTER TIME
7. Choose +ADD NEW BOOK (At this time, you may enter a book title OR just put something like 'Reading time')
8. Enter student's reading minutes on correct day

Earn coins and level up:

Earn coins for every 5 minutes you read (up to 1 hour a day). The more coins you have, the more rewards you can buy. You can level up and unlock even more rewards if you earn enough coins and read at least 100 minutes per level!

You'll have to spend at least 7 days on a level before you can level up again, but you can stay on any level for as long as you need.

Get bonuses for streaks! The more consecutive days in a row you read, the more coins you earn!

The more coins a student earns, the greater their chance of winning a grand prize at the end of the year!

Our school will be participating in a race around the world! Students will log their individual reading minutes online and the accumulated class minutes will be recorded and top classes will be rewarded! Individual recognition will be earned when students move from Space World to Artic World to Lava World. Students can even log their reading minutes in the summer in Beach World!

Please contact Mrs. Jacobsen with any questions.
