POLICY P 5141.31

#### Students

#### **Physical Examinations**

#### **Sports Physicals**

It is the Policy of the Board of Education to require physicals for participation in sports. Physicals for participation in sports for athletes shall be required within thirteen months prior to the date the student is to participate in interscholastic sports. Documentation of this physical must be placed in the student's health record.

The Board of Education recommends that all physicals be performed by the student's own physician. If, for some reason, this is not feasible, the school will assist the parent in contacting the *School Based Health Center*. sports physicals will continue to be provided by the school physician *or School Based Health Clinic*. Annual written parental permission will be required before physicals can be performed by the school physician.

#### Mandated Physicals

It is the Policy of the Board of Education to require periodic health assessments prior to Kindergarten, Sixth and Tenth grades, unless objected to in writing on religious grounds by the parents or guardian of the student (or by the student if age 18 or over). No record of such medical examination shall be open to public inspection.

#### Personnel

## Acceptable Computer Network Use

The Board of Education provides computers, networks and internet access to support the educational mission of the school and to enhance the curriculum and learning opportunities for students and school staff.

Employees are to utilize the school's unit's computers, networks and Internet services for school-related purposes and performance of job duties. Incidental personal use of a school computers is permitted as long as such use does not interfere with the employee's job duties and performance. ; with systemoperations or other system users. "Incidental personal use" is defined as use by an individual employee for occasional personal communications. Employees are reminded that such personal use must comply with this policy and all other applicable policies, procedures and rules.

Any employee who violates this policy and/or any rules governing use of the school's unit's computers will be subject to disciplinary action, up to and including discharge. Illegal uses of the school's unit's computers will also result in referral to law enforcement authorities.

All district computers remain under the control, custody and supervision of the school unit. The school unit reserves the right to monitor all computer and Internet activity by employees. Employees have no expectation of privacy in their use of school computers.

#### Guidelines for General use

It is important to recognize that with increased access to computers and people all over the world also comes the availability of controversial material that may not be considered of educational value in the context of the school setting. Further, the school district recognized the importance of each individual's judgment regarding appropriate conduct in maintaining a quality resource system. While this policy does not attempt to articulate all required or proscribed behavior, it does seek to assist in such judgment by provide the following guidelines.

- 1. Any electronic main accounts shall be used only by the authorized owner of the account. Account owners are ultimately responsible for all activity under their account.
- 2. All communications and information accessible via a network should be assumed to be public.
- 3. Any use of the district's computing resources or networks for illegal or inappropriate purposes accessing materials that are objectionable in a public school environment, or supporting such activities, is prohibited. Illegal activities shall be defined as a violation of the intended use of the service or network. Objectionable is defined as materials that are identified as such by the rules and policies of the Board of Education that relate to curriculum materials and textbook adoption.
- 4. Any use of telecommunication opportunities for commercial purposes, financial gain, product advertisement, political lobbying, or attempt to disrupt the use of the services by others, is prohibited.
- 5. Non-Groton Public School computers should not be connected to the Groton Public School local area network.

Each employee authorized to access the school's unit's computers, networks and Internet services is required to sign an acknowledgement form stating that they have read this policy. and the accompanying regulations. The acknowledgement form will be retained in the employee's personnel file.

## **Technology Appropriate Use Policy**

#### Appropriate Technology Use and Guidelines

Groton Public Schools (GPS) is committed to aiding students to become globally aware, civically engaged, and capable. 21st century learning environment. Therefore, Groton Public Schools provides its students and staff access to a multitude of technology resources with the understanding that these resources provide opportunities to enhance learning and improve communication within our community and with the global community. The advantages of having access to these resources are far greater than the potential difficulties they may bring. However, with the privilege of access comes personal responsibility to use the resources appropriately.

The district's policies are intended to promote the most effective, safe, productive, and instructionally sound uses of networked information and communication tools. The District's technology resources are to be used solely for educational purposes including use for classroom activities, educational research and professional or career development activities. The district makes a good faith effort to protect its students from exposure to Internet materials that are harmful or explicit by maintaining a system of Internet content filtering devices and software controls that meet federal standards established in the Children's Internet Protection Act (CIPA). Teachers and staff may have higher levels of access than students and are expected to utilize this access for the purpose of supporting their professional duties and in carrying out the district's education mission.

#### Digital Citizenship

As the Internet and electronic communication has become ubiquitous in the 21st century, GPS holds high expectations of all stakeholders to behave in a responsible and ethical manner in all digital interactions. Digital citizenship skills guide all stakeholders in communication and using information and technology in safe, legal, and responsible ways. Administration, teachers, and staff are expected to model digital citizenship skills for students in the same manner with which they model all expected behavior. A responsible digital citizen is one who:

• Respects One's Self: Users show respect for themselves through understanding online behavior is a reflection and representation of oneself. They select online names that are appropriate, consider the information and images that are posted online as public expressions of themselves, and do not post personal information.

- Respects Others: Users show respect for others online. They refrain from using technologies to bully, tease, insult, inflame, harass or discriminate and, in general, disrespect others. They do not visit sites that are degrading, pornographic, racist, or inappropriate in the school setting or otherwise detract from professionalism. They do not violate others' access to material or others' files, online spaces, or material and never borrow, use or misappropriate another's identity, online password/or another's work product.
- Protects One's Self: Users protect themselves by not posting any information that may put them at risk. Private information should not be shared. They report any attacks or inappropriate behavior directed at them or other abuse. They protect passwords, accounts and resources.
- **Protect Others:** Users protect others online by not putting others at risk and take care to not offend others. They report abuse and do not create, forward or disseminate in any manner inappropriate materials, communications or images. Users do not visit degrading, pornographic, racist or other inappropriate sites.
- Respects Intellectual Property: Users understand online resources are the creation of others. They request permission to use resources as necessary, suitably cite any and all use of websites, books, media, etc. and abide by fair use rules.
- **Protects Intellectual Property:** Users adhere to copyright laws and agreements. They request to use the software and media others produce and use with permission. They act with integrity when dealing with licensed music, software and other media.

#### Regulations

The Superintendent will develop accompanying regulations and guidelines to provide specific guidelines for staff in their use and use with their students of district technology and personal technology including the use of social media both in and outside of school.

## **Consequences for Violation**

The Superintendent will set forth in the regulations consequences for violation of this policy and its regulations. The district reserves the right to cooperate in investigations involving illegal personal technology usage by employees where such personal use impacts employees' ability to perform their jobs, is detrimental to student welfare or otherwise impacts the Board or school district or where district cooperation is otherwise warranted.

GROTON PUBLIC SCHOOLS Groton, Connecticut

## Appropriate Technology Use and Guidelines

## Use of District Technology

The following guidelines cover use of all district technology resources regardless of where and when they are used or accessed including, but not limited to; the use or access at school, in the classroom, at a school related activity or function, or off school grounds or after school hours.

- Use of Groton Public Schools (GPS) technology resources (computers, mobile devices, software, online tools, network, etc.) is expected to be ethical, <u>respectful</u>, academically honest, and supportive of the district's mission and educational objectives.
- Digital storage and electronic devices used for school purposes will be treated as extensions of the physical school space in terms of privacy. All communications and information accessible via a network should be assumed to be public.
- The Groton Public School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of computer network including electronic mail and Internet access and other district technologies and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.
- Transmission of any material in violation of any local, federal and state laws is prohibited. This includes, but is not limited to; copyrighted material, licensed material and threatening, harassing, discriminatory or obscene material. Intentional or unintentional use of computing resources to access or process proxy sites, pornographic material, explicit text or files, or files dangerous to the integrity of the network is strictly prohibited.
- Accessing in a public school environment any materials that are objectionable including those containing language that is deemed to be vulgar, degrading, or inflammatory in nature is prohibited.
- Software and/or services may not be installed or downloaded on school devices without prior approval
  of the Superintendent or designee.
- Use of district technology resources for private or personal commercial activities, including the buying or selling of anything over the Internet, product advertisement, solicitation, for the purpose of personal gain or fundraising, religious proselytizing or political lobbying is prohibited.
- Users may be held personally and financially responsible for malicious or intentional damage done to network software, data, user accounts, hardware and/or unauthorized costs incurred. The Board of Education has no control over information on the Internet. Web filtering software is used to filter categories of websites, and the district will do it's best to maintain filters of inappropriate content. Use of any network, access point, website, proxy or other tool to circumnavigate district filters is strictly prohibited. Limited exceptions for educational purposes may be made with the express written and prior permission of the Superintendent.

• Users need to maintain student and family privacy in all electronic communication in accordance with the Family Education Rights and Privacy Act.

## Expectations for Internet / Media Publishing

The following guidelines should be utilized when publishing items on the district website, any other site, or any other form of media used for educational purposes.

- Maintain student privacy under the Family Education Rights and Privacy Act in regards to publishing
  photos and student work. Information designated by the district as directory information may be
  published; however, staff must first determine whether or not parents have elected to prohibit such
  disclosures.
- Electronic publication must be for educational purposes, and school administrators, teachers and staff shall monitor these materials to ensure compliance with GPS policies and standards.
- Under no circumstances would a student's home address, phone number or other personally identifying information such a student identification number or social security number be included in electronic publications.
- Identifiable images (picture or video) will never be accompanied by students' names.
- Pictures that are a part of student publishing will not include identifying information.
- Only first names will be used in published student work.
- Any replies or feedback to published student work will be gathered in an anonymous fashion or will use the sponsoring teacher's email address. Students' email addresses will not be used.
- In special circumstances, with parent-signed release, identifying information may be added.
- No sites are to be accessed using district provided student email accounts, unless approved by administrator or designee.
- Publications of any kind not meeting these standards will be removed without the need for prior notice.
- When applicable, ALT-Text must be included for ADA Compliance.

#### Expectations for Communication and Use of Personal Technology Devices for District Activity

For purposes of this policy and guidelines, personal device means a privately owned wireless and/or portable electronic piece of equipment that includes, but is not limited to, laptops, computers netbooks, tablets/slates, IPod touches, e-Readers, and cell and smart mobile phones.

Staff will be permitted to access the District's wireless Bring Your Own Device (BYOD) network with their personal devices during the school day for academic purposes only; use and access by staff must be in accordance with acceptable use policies, regulations and guidelines and all other applicable district policies such as codes of conduct and anti-discrimination policies and in accordance with state and federal law. Staff must use the district's networks to access the Internet and are prohibited from using personal networks at school for district activity.

- Personal electronic devices may be brought and used in the school for educational and instructional purposes only. Such use is a privilege. Accordingly, staff who engage in use of personal devices at school during the school day for inappropriate non-educational purposes or who otherwise violate Board policy or state or federal law in such use may be subject to restriction or loss of the privilege, and/or be subject to discipline up to and including termination in accordance state and federal laws and applicable district policies and collective bargaining agreements.
- When a personal device is not in use for educational purposes it must be properly stored away so it is not a distraction to others or the educational setting.
- Email communications with students must be through a district-approved email system not through personal email accounts. Group District email accounts are is available for this purpose.
- Teachers or coaches may from time to time offer personal contact numbers to assist students and parents with homework or other district academic activities and functions. Any Staff will not give out their private cell mobile phone or home telephone numbers without defining the need to do so and gaining prior approval of administration.
- If a teacher or coach wishes to communicate with an entire class via text message alert due to a cancelled event or practice, all contact by teachers and/or coaches should be sent to all students except for emergencies or if the student's health or safety is at risk.
- If a personal device is used to communicate with a student in an emergency situation or where a student's health or safety is at risk, ensure you inform an administrator of the incident. Any questions related to responding to a student text message should be directed to an administrator.
- Proper professional boundaries must be recognized at all times and all content and communication should be related to the educational or academic need. Inappropriate contact with students via e-mail, phone including text messaging or other technology is prohibited.
- Owners are encouraged to mark their devices in a manner to make them uniquely identifiable. However, responsibility to keep the device secure rests with the individual owner. GPS will not be held liable for loss, damage, or theft of personal devices used on district property. If a device is stolen or damaged, it will be handled through the administrative office the same as other personal items that are stolen or damaged.
- Technology services will provide instruction for registering and/or connecting the personal device to the wireless network. Additional support for hardware and software related issues for a personal device will not be provided.
- To ensure appropriate network filters are enabled in adherence with the Children's Internet Protection Act, staff will only use the District's wireless network when using the device for educational purposes and will not attempt to bypass the network using a cellular 3G or 4G network or any other personal network when conducting district activity.
- Devices may not be used for inappropriate purposes by staff, including, but not limited to: using applications outside of teacher instruction, storing or transmitting illicit or illegal material, harassing,

- bullying or discriminating against others, sending inappropriate messages, cheating, hacking, viruses, Trojans, etc., or accessing non-school approved or established social media sites during school.
- Staff shall have no expectation of privacy while using district technology or personal technology devices accessed through the district networks on school property during school and during work time. Where reasonable suspicion exists for administration to believe that a school rule, board policy or regulation or law has been violated, a staff member's personal device may be monitored, examined, searched and even confiscated in accordance with applicable Board policies including those related to search and seizure, acceptable use of technology and use of mobile phones cellphones and in accordance with applicable state and federal laws. If articulable facts give rise to a belief that a rule, law, or policy has been violated, the matter will be immediately referred to the Superintendent of Schools to determine the action to be taken.
- Where sexting or possession of pornography is suspected, caution should be exercised by school administration to ensure no further dissemination by downloading or storing images or text messages. Administration must be careful not to cross the boundary from investigator to possessor of pornography. This matter is to be referred immediately to the Superintendent of Schools.
- If a device is confiscated, it will be returned in accordance with applicable district policies and regulations. If found in violation with any part of the GPS Appropriate Use Policy, the privilege to use a personal device on the GPS network may be revoked.
- Personal devices should not require any special software to use it for district activity. If specific software is required it may be provided under special circumstances with the approval of the Superintendent or designee (IT Director).
- The camera in a personal device will not be used while on district property without specific permission from administration and any such use must be in accordance with school rules, applicable district policies and laws.

Additionally, all other guidelines and procedures defined in other areas of the GPS Appropriate Use document should be followed and applied when using personal devices.

#### **Guidelines for Social Media**

The Board of Education recognizes the importance of social media for its employees, and acknowledges that its employees have the right under the First Amendment, in certain circumstances, to speak out on matters of public concern. However, the Board will review the use of social media by employees including employee personal use of social media, when such use:

- 1) Interferes or disrupts the work of the school district
- 2) Is used to harass coworkers or other members of the school community
- 3) Creates a hostile work environment
- 4) Breaches confidentiality obligations of school district employees
- 5) Harms the goodwill and reputation of the school district in the community
- 6) Violates the law, board policies, or other school rules and regulations

The Board of Education therefore adopts the following guidelines for the use of social media by Board of Education employees.

Nothing in these guidelines should be construed as implicit permission to represent the Board of Education or the School District online. No employee has the right to represent or speak on behalf of the Board of Education unless they have been officially designated to do so by the Superintendent or the Board of Education.

#### **Definitions:**

<u>Social Media</u>, includes, but is not limited to; social networking websites, such as Twitter, Facebook, LinkedIn, YouTube, Instagram, <u>MySpace</u>, and other internet/web-related technologies.

<u>Board of Education</u> includes all names, logos, buildings, images and entities under the authority of the Groton Public Schools Board of Education.

The importance of teachers, students, parents and staff engaging, collaborating, learning and sharing in digital environments is part of the 21<sup>st</sup> century learning. Social Media guidelines encourage employees to participate in online social activities. However, it is important to create an atmosphere of trust and individual accountability keeping in mind that information produced by Groton Public School staff is a reflection on the entire district and is subject to the district's appropriate use policy. By accessing, creating or contributing to any blogs, wikis, or other social media for classroom or district use, you agree to abide by these guidelines. Please read them carefully before posting or commenting on any blog or creating any classroom blog, wiki and/or podcast.

The following guidelines are provided to give direction when participating in online social media activities.

#### Guidelines Concerning "District-Sponsored" Social Media Activity for Staff

An employee who seeks to use social media sites and related interactive technologies as an educational tool or in relation to extracurricular activities or programs of the school district may do so provided that the procedures below are followed and that the employee obtains the permission of the Superintendent and IT Director prior to setting up the site. All such work-related online sites must be authorized in writing and coordinated with IT support and direction. All content will be reviewed and approved before it is published by a designee set by the Superintendent. The employee's building principal and IT will also be provided access to any site that is established. No prior permission is required to search or monitor these sites and staff should have no expectation privacy in such sites.

- Let your administrator, fellow teachers, staff and parents know about your educational sites.
- Have a clear purpose and outcomes for the use of this educational tool and establish a code of conduct for use by all participants.
- Use will be limited to specific academic and/or school-related purposes.
- Sites used for these purposes must be closed in that the employee must set up an approval process password-protected access for the students and staff involved. Sites may not be publicly available. Site activity must be moderated, monitored and supervised. Only allow approved participants access to the site.
- Employees are required to use appropriately respectful speech on district-sponsored sites and to refrain from harassing, defamatory, abusive, discriminatory, threatening or other inappropriate communications. Proper professional boundaries must be recognized at all times and all content and communication should be related to the educational purposes. Communication that is sensitive or personal in nature has no place on these sites. We also suggest you do not post on anything that you would not say or do as a teacher in the

R 4118.4

- classroom or as an employee of the District. Employees must supervise student speech to ensure that it complies with the criteria above.
- Employees are required to comply with all Board of Education policies and procedures including applicable laws with respect to the acceptable use of computer equipment, networks or devices when accessing district-sponsored sites. Employees must also supervise students use to ensure compliance. Report any instance of inappropriate student communication to administration.
- The Board of Education reserves the right to monitor all employee use of district technology. An employee should have no expectation of personal privacy in any communication including text messages or post while using district computers, mobile devices cellular or smart telephones, or other data devices or other district technology.
- All content and posts on district-sponsored sites must comply with the Board of Education's policies pertaining to confidentiality including the confidentiality of student information. If an employee is unsure about the confidential nature of information being considered for posting by him/her or by students, the employee shall consult with his/her building principal prior to making the post.
- An employee may not link a district-sponsored site or webpage to any personal social media sites or sites not sponsored by the school district. They will also inform students about the prohibited linking.
- An employee may not use district-sponsored sites for private or personal financial gain, political, commercial, advertisement, proselytizing, or solicitation purpose. They must also supervise student use to ensure that it complies.
- An employee may not use district-sponsored sites in a manner that misrepresents personal views as those of the Board of Education, individual school or school district, or in a manner that could be construed as such. They must also supervise student use to ensure that it complies.

#### Guidelines Concerning "Personal" Social Media Activity for Staff

Staff is cautioned to use social media judiciously, to be mindful of the importance of proper decorum on line, and to refrain from conduct that would distract from or disrupt the educational process or reflect poorly on the district or a staff member's professional standing or reputation.

- An employee may not mention, discuss, or reference the Board of Education, the school district, individual schools, programs, or teams on personal social networking sites unless the employee also states that the post is the personal communication of the employee of the school district and that the views posted are the employee's alone and do not represent the views of the school district or the Board of Education.
- Employees must refrain from mentioning other Board of Education employees or other members of the school community (e.g., parents or others) on personal social networking sites, without such individuals' express consent unless the employee is addressing an issue of public concern and the employee's speech falls under applicable constitutional protections pertaining to the same.
- Employees are required to maintain appropriate professional boundaries with students, parents, and colleagues and conduct themselves online in a manner consistent with in person professional behavior.
- We suggest you check your profile's security and privacy settings. At a minimum, educators should have all privacy settings set to "only friends". "Friends of Friends" and "Network and Friends" open your pages and content to a large group of unknown people who can view and share your information. People you classify as "friends" have the ability to download and share your information with other people. You do not have control over with whom they share your information. You and your family privacy may be at risk.

R 4118.4

- It is not appropriate for an employee to "friend" or communicate with a current student or otherwise establish special relationships with selected students through personal social media. It is not appropriate for an employee to give students access to personal postings.
- Employees are encouraged not to accept current student's parent and family members of students as friends and should consider whether it is advisable to friend or accept requests from former students. It is not advisable to "friend" former students who have siblings in the district when their sites may be accessed by current students and their families.
- Do not post or update your personal page or engage in personal social media of any kind during school hours.
- We suggest you post only what you want the world to see. Imagine your students, their parents or the community visiting your site. Once you post something on a social networking site, it may still be accessible even after it is removed from the site.
- Unless given written consent, employees may not use the Board of Education's logo or trademarks in their personal posts. Please note this prohibition extends to the use of logos and/or trademarks associated with individual schools, programs, or teams of the school district.
- Employees are requested to use appropriately respectful speech in their personal social media posts and to refrain from harassing, defamatory, abusive, discriminatory, threatening or other inappropriate communications including postings with sexual content or images, or those that advocate use of illegal drugs or alcohol. Such posts reflect poorly on the school district's reputation, on the professionalism of the employee, can affect the educational process and may substantially and materially interfere with an employee's ability to fulfill his/her professional responsibilities.
- Employees are individually responsible for their personal posts on social media websites. Employees may be sued by other employees, parents or others, and any individual that views an employee's social media posts as defamatory, pornographic, proprietary, harassing, libelous or creating a hostile work environment. Such activities are outside the scope of employment. Employees may be held personally liable for such claims.
- All posts on personal social media must comply with the Board of Education's policies concerning confidentiality including the confidentiality of student information. If an employee is unsure about the confidential nature of information the employee is considering posting, the employee shall consult with his/her building principal prior to making the post.
- An employee may not link a personal social media site or webpage to the Board of Education's website or the websites of individual schools, programs, teams or post Board of Education material on a social media site or webpage without written permission from the Superintendent or his/her designee.
- Employees are required to comply with all Board of Education policies and regulations with respect to the acceptable use of computer equipment, networks, and electronic devices when accessing the Internet. Use of technology must not interfere with an employee's duties at work.
- The Board of Education reserves the right to monitor all employee use of district computers and other electronic devices. An employee should have no expectation of personal privacy in any communication or post on any website while using district computers, mobile phones cellular telephones or other electronic devices.
- All Board of Education policies regulating off-duty conduct apply to social media activity including, but not limited to, policies related to public trust, illegal harassment, code of conduct, criminal charges and protecting confidential information.

#### Disciplinary and Other Consequences

Violation of this policy and its regulations may lead to discipline up to and including termination of employment consistent with state and federal law and applicable bargaining agreements. Where applicable and allowable under law, money damages may be assessed and action taken against violators for damages incurred by the district from inappropriate use of technology by staff.

GROTON PUBLIC SCHOOLS Groton, Connecticut

#### Instruction

#### **Electronic Resources**

#### **Voice Assistant Devices**

The Groton Public School District does not permit the use of voice-activated devices by teachers and students in District classrooms. This prohibition is based upon the privacy, legal and/or technology-related concerns they pose at the current time.

The Board of Education (Board) believes that the unauthorized use of voice-controlled personal assistants adversely affects students' ability to achieve academic success, is disruptive to effective classroom discipline and management and can lead to an invasion of staff and students safety and privacy rights. The Board desires to keep District schools free of any classroom interference by the unauthorized use of such voice assisted devices.

District technology shall be carefully selected and evaluated to ensure instructional value and compliance with District policy and regulations.

The Superintendent or his/her designee shall clearly communicate to all students, staff and parent/guardians, the District's policies and regulations related to the use of voice-controlled personal assistant devices in District classrooms.
