

## **CHILDCARE**

### ***Breakfast***

Student ID numbers are not entered into the computer for breakfast. Breakfast numbers need to be tracked and emailed to Cindy Sears on the last day of the month. Monthly total can be found on your Revised Meal Count. If you don't know how to find it, please call your coordinator.

### ***Lunch***

Lunch names/ID #'s are entered in the computer under lunch item 107. Cindy Sears will pull these #'s off of the computer.

### ***Snack***

Snack will be tracked on a Snack Sold-to

Milk should only be put on a sold-to if it is being sent as an "extra" or "snack" item. Milk being sent as part of their meal has already been included in the cost of the meal.
