Maintenance staff took tremendous pride in their work this summer. Is it a wet floor or not?

Painting & Poetry? One of our student workers.....

When you step through these doors,
and into wet paint, that's amore.

When you walk through wet paint, and
get dirty signore

Scusa me, but you see, back in old
Napoli, that's amore.

There was an old lady who got wet
paint on her shoe. That is why she felt
so blue. She shouldn't have entered this
hallway, and neither should you. If only
she knew.

No entra!
