## ANNAPOLIS LOWER SCHOOL VOLUNTEER FORM

The Annapolis Lower School offers many opportunities for parents and grandparents to get involved in their student's classroom and in the school office. Some opportunities require little time or commitment while others allow volunteers to play a more consistent role in the day to day activities on campus. AACS believes our school culture is strengthened by the involvement and partnership of our families. All parents are encouraged to get connected and volunteer their time in some way as we work together to accomplish our school's mission.

Please specify the areas in which you would like to volunteer and send this form to your child's campus office or email to Laura Taralseth (ALS Parent Rep) at [alsvols@aacsonline.org](mailto:alsvols@aacsonline.org).
