

# OCPA Students of The Month

The Orange County Preparatory Academy School's community prides itself on the great attitudes and citizenship of the student body.

Students are recognized by staff for displaying desirable character traits that stand out above and beyond the typical behaviors and citizenship demonstrated by their peers.

Each month, every classroom will provide an honoree coinciding with the monthly theme listed below. Our PTSO and the administration will host a breakfast for those students that have shown the character traits highlighted that month.

Parents are welcome to attend and join the celebration with their student(s) as everyone enjoys a continental morning breakfast while listening to a brief write-up of those students being recognized.

Congratulations on your recognition...we are proud of you!!
