

PARENT COMMITMENT

Dear ASM Parent,

At the American School of Milan, we are firm in our belief that the success of our children and that of our school is possible only when all members of the community are working together. To form a positive partnership, we all must understand our responsibilities, embrace a shared commitment to collaboration, mutual respect and work to ensure open lines of communication.

ASM is committed to providing a quality, modern education for every child, supported by our values and guided by our mission. We are committed to providing opportunities for all children to secure the academic, social and emotional skills to prepare them for their future. ASM is committed to providing a safe and supportive learning environment. We believe in a “student centered education distinguished by courageous leadership” as defined in our strategic plan. We strive to send clear and regular communications to all members of the community

By selecting ASM, we are sure that you see a good match for the educational needs of your child(ren). You believe and trust that ASM is the right school to support the social and emotional growth of our children and you share in our mission and vision and support our values.

Trust, mutual respect and transparency are all essential for the success of any organization and ASM believes strongly in these ideals. The enrollment contract, policy manual, student code of conduct and parent student handbooks clearly spell out our expectations for all members of the ASM community. It is so important that you familiarize yourself with the content of each document.

To further ensure the success of our relationship, please to read and sign the parental commitment on the reverse side of this letter. This underlines your commitment to the American School of Milan, to our mission and to our community.

*On behalf of ASM,
Wayne D. Rutherford, Director*
