## Format of Open Day

Every visiting family will be assigned a pupil guide who will lead you on a comprehensive tour with flexibility for you to stay longer in the departments you wish to see more closely. Boarding houses will also be open and your guide will take you to their House as part of the tour. If you have a specific boarding house you would like to see or a department you are particularly interested in do just let us know. You will end your tour in the Dining Hall where refreshments will be served and a short address will be made by The Head, Helen Harrison. This is followed by the Pipes and Drums Beating Retreat which will mark the end of Open Day 2019.
