- You are expected to report to work promptly on your scheduled day(s).
- You are permitted one unexcused absence. A second absence could result in dismissal from the work study program. If you need time off, you should notify the supervisor as early as possible.
- **Breakage due to your negligence is your responsibility.**

A supervisor will notify you when there is a position open. Freshmen and Sophomores will be given preference for work study positions as students in this age range are less able to find employment outside of school.
