

# How to Download Photos to the Google Drive Share Site

Jefferson School discontinued using Shutterfly this year to store photos. We initially switched over to Dropbox but were experiencing a lot of problems with it using up personal storage space. We found a new solution. Going forward, we are going to use Google Drive. If you have already downloaded photos to Shutterfly and/or Dropbox, they have been transferred to Google Drive. If you have any problems, please contact your class coordinator.

**IMPORTANT:** We are trying to eliminate parents creating new folders. It creates a mess for the 5<sup>th</sup> grade memory book committee. ALL of the folders you will need have **ALREADY** been created. If your photo does not fit into any of the categories, there is a miscellaneous folder under each year. Please put the photo in that folder and label it to the best of your knowledge. **NEVER delete any folders or photos!!**

Note: Only upload your photos for the general yearbook at this time. You will be able to upload your other photos directly to Tree Ring for your child's personal page at a later time.

Below is the list of the folders you will find when you get your Dropbox link.

## **Kindergarten thru 5th**

Halloween  
Thanksgiving Feast  
Giving Tree  
Carnival  
Boy Scouts  
Girl Scouts  
Band & Orchestra  
Jefferson Singers  
Spelling Bee
