Food Service will offer FREE meals to students while they are learning remote, hybrid, or in-person. These meals are funded by USDA as part of their Summer Meals Program extension (while funding is available). We encourage families to continue to apply for free and reduced meals in the event the funding is no longer available.

Students will receive their in-person meals at no cost during the days they are in school. Meals may be picked up on Fridays to cover the other days of the week. Meal Pick Up info: <https://www.smsd.org/about/departments/food-service>
Any extra ala carte purchases the students make while in-person learning will require money to be on their food service account.

Students must choose a full portion of at least 3 of the 5 components to receive a full school lunch and at least one component must be a 1/2 cup of fruit or vegetable. Components include protein, grain, fruit, vegetable, and milk.

Menu is subject to change due to availability. This institution is an equal opportunity provider.
