December 3, 2015

The Honorable President and Members of the Board of Education Bridgewater-Raritan Regional School District County of Somerset, NJ

We have audited, in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Board of Education of the Bridgewater-Raritan Regional School District in the County of Somerset for the year ended June 30, 2015, and have issued our report thereon dated December 3, 2015.

As part of our audit, we performed procedures required by the New Jersey Department of Education, and the findings and results thereof are disclosed on the following pages, as listed in the accompanying table of contents.

We will review the status of the comments during our next audit engagement. We have already discussed these comments and suggestions with various management personnel, and we will be pleased to discuss them in further detail at your convenience, to perform any additional study of these matters, or to assist you in implementing the recommendations.

This report is intended for the information of the Bridgewater-Raritan Regional School District's management and the New Jersey Department of Education. However, this report is a matter of public record and its distribution is not limited.

NISIVOCCIA LLP

Kathryn L. Mantell

Licensed Public School Accountant #884

Potbern J. Mourill

Certified Public Accountant

Scope of Audit

The audit covered the financial transactions of the Board Secretary/School Business Administrator and Treasurer of School Moneys, the activities of the Board of Education, the records of the various funds under the auspices of the Board of Education.

Administrative Practices and Procedures

Insurance

Multi-peril insurance coverage was carried in the amounts as detailed on Exhibit J-20, Insurance Schedule contained in the district's CAFR.

Officials in Office and Surety Bonds

Name	Position	Coverage
Ronald Rossi	Treasurer of School Monies	\$ 575,000
Peter F. Starrs	Business Administrator/Board Secretary	2,000

The District has Employee Dishonesty and Faithful Performance coverage through Selective Insurance Company of America as detailed on Exhibit J-20 of the CAFR.

Tuition Charges

A comparison of tentative tuition charges and actual certified tuition charges was made. The actual costs were different than estimated costs. The Board made a proper adjustment to the billings to sending districts for the change in per pupil costs in accordance with N.J.A.C. 6A:23A-3.1(f)3.

Financial Planning, Accounting and Reporting

Examination of Claims

An examination of claims paid on a test basis, during the period under review indicated overall compliance with respect to certification or supporting documentation.

Payroll Account and Position Control Roster

The net salaries of employees of the Board were deposited in the Payroll Account. Employees' payroll deductions and employer's share of fringe benefits were deposited in the Payroll Agency Account. Salary withholdings were promptly remitted to the proper agencies, including employee health benefits contributions due to the general fund.

All payrolls were approved by the Superintendent and were certified by the President of the Board, the Board Secretary/Business Administrators and the Chief School Administrator.

The required certification (E-CERT1) of compliance with requirements for income tax on compensation of administrators (superintendent, assistant superintendent, and business administrator) to the NJ Department of Treasury was filed in a timely manner.

Financial Planning, Accounting and Reporting (Cont'd)

Payroll Account and Position Control Roster (Cont'd)

Finding:

We noted that employee contributions for unemployment compensation were not turned over to the Unemployment Compensation ("UCI") Trust Fund from the Payroll Agency Fund during the year and that unemployment benefit claims and quarterly unemployment contributions paid to the State of New Jersey were disbursed from the Payroll Agency Fund. Under the direction of the Business Administrator, all UCI activities have been reflected in the financial statements. Therefore, no formal recommendation is warranted.

Reserve for Encumbrances and Accounts Payable

A review of outstanding issued purchase orders was made on a test basis as of June 30, for proper classification of orders as reserve for encumbrances and accounts payable.

Classification of Expenditures - General and Administrative

The coding of expenditures was tested for proper classification in accordance with N.J.A.C. 6A:23A-8.2 as part of our test of transactions of randomly selected expenditure items. We also reviewed the coding of all expenditures included in our compliance and single audit testing procedures. In addition to randomly selecting a test sample, our sample selection specifically targeted administrative coding classifications to determine overall reliability and compliance with N.J.A.C. 6A:23A-16.2(f). Overall compliance was noted.

Board Secretary's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Board Secretary's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except the following:

Finding:

Budget transfers are approved on a monthly basis by the governing body and monitored by the Business Administrator on an ongoing basis. A monthly cumulative transfer report would be useful to identify transfers which exceed the 10% threshold requiring County approval. We did not find any transfers in excess of 10%; therefore, no formal recommendation is judged to be warranted.

Treasurer's Records

In planning and performing our audit of the financial statements of the Board, we considered the condition of the Treasurer's records for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments.

No Child Left Behind (N.C.L.B.)

The N.C.L.B. financial exhibits are contained herein within the Special Revenue Section of the District's CAFR. This section of the CAFR documents the financial position pertaining to projects under Title I, Title II and Title III of the No Child Left Behind Act.

Financial Planning, Accounting and Reporting (Cont'd)

No Child Left Behind (N.C.L.B.) (Cont'd)

The study of compliance for the N.C.L.B. did not indicate any area of noncompliance.

Other Special Federal and/or State Projects

The financial exhibits are contained within the Special Revenue Section of the CAFR. This section of the CAFR documents the financial position pertaining to the aforementioned special projects.

The District's Special Projects were approved as listed on Schedule A and Schedule B located in the CAFR.

Our audit of the federal and state funds on a test basis indicated that obligations and expenditures were incurred during the fiscal year or project period for which the project was approved.

Finding:

A review was completed by the State of New Jersey Department of Education, Office of Fiscal Accountability and Compliance (the "State") for the N.C.L.B., I.D.E.A. Basic and Preschool and Race to the Top grant programs for the period July 1, 2013 through April 15, 2014. The District received the consolidated monitoring report in July 2014 and has developed and implemented a corrective action plan. We have performed testing of fiscal related findings and did not note any exceptions.

T.P.A.F. Reimbursement

Our audit procedures included a test of the biweekly reimbursements filed with the Department of Education for district employees who are members of the Teachers' Pension and Annuity Fund. No exceptions were noted.

T.P.A.F. Reimbursement to the State for Federal Salary Expenditures

The T.P.A.F. Reimbursement to the State for Federal Salary Expenditures was remitted to the State of New Jersey prior to the required deadline of October 1, 2015. The reimbursement form was reviewed and no exceptions were noted.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

a. "When the cost or price of any contract awarded by the purchasing agent in the aggregate, does not exceed in a contract year the total sum of \$17,500, the contract may be awarded by a purchasing agent when so authorized by resolution of the Board of Education without public advertising for bids and bidding therefore, except that the Board of Education may adopt a resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations. If the purchasing agent is qualified pursuant to subsection b. of section 9 of P.L.1971, c. 198 the Board of Education may establish that the bid threshold may be up to \$25,000. Such authorization may be granted for each contract or by a general delegation of the power to negotiate and award such contracts pursuant to this section.

School Purchasing Programs

Contracts and Agreements Requiring Advertisement for Bids

N.J.S.A. 18A:18A-3 states:

b. Commencing in the fifth year after the year in which P.L.1999, c. 440 takes effect and every five years thereafter, the Governor, in consultation with the Department of Treasury, shall adjust the threshold amount and the higher threshold amount which the Board of Education is permitted to establish as set forth in subsection a. of this section or the threshold amount resulting from any adjustment under this subsection, in direct proportion to the rise or fall of the index rate as that term is defined in N.J.S.A. 18A:18A-2, and shall round the adjustment to the nearest \$1,000. The Governor shall notify all local school districts of the adjustment no later than June 1 of every fifth year. The adjustment shall become effective on July 1 of the year in which it is made "

N.J.S.A. 18A:18A-4 states, "Every contract for the provision or performance of any goods or services the cost of which in the aggregate exceeds the bid threshold, shall be awarded only by resolution of the Board of Education to the lowest responsible bidder after public advertising for bids and bidding therefore, except as is provided otherwise in this chapter or specifically by any other law"

Effective July 1, 2010 and thereafter the bid thresholds in accordance with *N.J.S.A.* 18A:18A-2 and 18A:18A-3(a) are \$36,000 (with a Qualified Purchasing Agent) and \$26,000 (without a Qualified Purchasing Agent), respectively. The law regulating bidding for public school student transportation contracts under *N.J.S.A.* 18A:39-3 is currently \$18,300.

As per N.J.S.A. 18A:18A-3, the Board passed a resolution at its June 22, 2010 meeting, authorizing the Business Administrator as a qualified purchasing agent and increasing the bid threshold to \$36,000.

The Board of Education has the responsibility of determining whether the expenditures in any category will exceed the statutory thresholds within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Attorney's opinion should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed. No exceptions were noted.

Based upon the results of our examination, we did not note any individual payments, contracts, or agreements for the performance of any work or goods or services, in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 18A:18A-4, amended.

Resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 18A:18A-5.

The system of records did not provide for an accumulation of purchases for which the school board used contracts entered into by the State Department of Purchase and Property pursuant to Ch. 114, P.L. 1977, therefore, the extent of such purchases could not reasonably be ascertained.

School Food Service

The financial transactions and statistical records of the School Food Service Fund were reviewed. The financial accounts, meal count records and eligibility applications were reviewed on a test-check basis. No exceptions were noted. Food Service accounting records maintained by the District's central administration office were reconciled with the records maintained by the food service management company (F.S.M.C.).

Finding:

We noted that billings for catering or special functions are handled by the F.S.M.C. and that catering receipts are collected by the business office. However, a reconciliation of the billings and collections are not prepared and a receivable ledger is not maintained. As the total catering revenue is not material to the District's financial statements and the District is working with the F.S.M.C. to implement a new process for recording catering or special functions activities, a formal recommendation is not judged to be warranted.

The number of meals claimed for reimbursement was compared to sales and meal count records on a test basis. As part of the claims review process, the Edit Check Worksheet was completed. Reimbursement claims were submitted/certified in a timely manner.

Applications for free and reduced price meals were reviewed for completeness and accuracy. The number of free and reduced price meals claimed as served was compared to the number of valid applications on file, times the number of operating days, on a school-by-school basis. The free and reduced price meal policy was reviewed for uniform administration throughout the school district. The required verification procedures for free and reduced price applications were completed and available for review.

Expenditures were separately recorded as food, labor and other costs. Vendor invoices were reviewed and costs verified on a test basis. Inventory records on food supply items were currently maintained and properly applied in determining the cost of food and supplies used.

The cash disbursements records reflected expenditures for program related goods and services. The appropriate revenue and expenditure records were maintained in order to substantiate the nonprofit status of the School Food Service Fund. Net cash resources did not exceed three months average expenditures.

Cash receipts and bank records were reviewed for timely deposit. No exceptions were noted.

The District utilizes a food service management company (FMSC) and is depositing and expending program monies in accordance with N.J.S.A. 18A:17-34, and 19-1 through 19-4.1. The FMSC contract includes an operating results provision which guarantees that the food service program will generate a profit. The operating results provision has been met.

Time sheets and payroll records provided to the District from the Food Service contractor were reviewed on a test basis.

Food Distribution Program commodities were received and a separate inventory was maintained on a first-in, first-out basis. No exceptions were noted.

Exhibits reflecting Child Nutrition Program operations are included in the section entitled "Proprietary Funds", Section G of the CAFR.

School Food Service (Cont'd)

The District has a Type 2 SOC1 report (Service Organization Controls Report) of the food service management company on file as required by state requirements.

Student Body Activities

In planning and performing our audit of the financial statements of the Board, we considered the condition of the records of the Student Activities Fund for the purpose of expressing our opinion on the financial statements and not to provide specific assurance on the condition of the records. Based on these procedures, we have no comments except for the following:

Finding:

During our testing of petty cash account records, we noted that checks issued through the Adamsville School petty cash account were only signed by one of the three authorized signatories. According to Board policy #3411 "Petty Cash Funds," petty cash funds checks require two authorized signatures.

Recommendation:

It is recommended that procedures be implemented to ensure that two signatures are obtained on all petty cash fund checks in accordance to board policy before checks are released for payment.

Management's Response:

Procedures will be developed to ensure that all petty cash checks issued contain the required number of authorized signatures.

Application for State School Aid

Our audit procedures included a test of information reported in the October 15, 2014 Application for State School Aid (A.S.S.A.) for on-roll, private schools for the disabled, low income and bilingual education students. We also performed a review of the District procedures related to its completion. The information on the A.S.S.A. was compared to the District workpapers without exception. The information that was included on the workpapers was verified on a test basis with one minor exception. The results of our procedures are presented in the Schedule of Audited Enrollments.

The District maintained workpapers on the prescribed State forms or their equivalent.

The District's written procedures for the recording of student enrollment data appear to be adequate.

Pupil Transportation

Our audit procedures included a test of on-roll status reported on the 2014-2015 District Report of Transported Resident Students (DRTRS). The information that was included on the DRTRS was verified to the DRTRS Eligibility Summary Report with four minor exceptions. The results of our procedures are presented in the Schedule of Audited Enrollments.

Our procedures also included a review of transportation related contracts and purchases. Based on our review, the District complied with proper bidding procedures and award of contracts. No exceptions were noted in our review of transportation related purchases of goods and services.

Facilities and Capital Assets

Our procedures included a review of the SDA grant agreements for consistency with recording SDA revenue and awarding contracts for eligible facilities construction.

Travel Expense and Reimbursement Policy

Travel regulations require each District to adopt a formal policy and procedure pertaining to travel and expense reimbursement for its employees and board members. The regulations require the District to establish a maximum travel for the fiscal year and to ensure that the maximum amount is not exceeded. The regulations also require that all travel be preapproved by the Board of Education and Superintendent and that a brief report detailing the key issues addressed at the travel event must be submitted after the travel event has occurred.

Our review of the travel policies and records revealed that the District is in general compliance with the travel regulations.

Management Suggestions

Surety Bonds

The duties of the Business Administrator have evolved over the last few decades into a position that is responsible for the collection, disbursement and investment of the District's funds. At the time of the passage of the statute delineating the duties of the Treasurer, the aforementioned duties were to be the responsibility of the Treasurer. Also, the statute established the requirement for the amount of the Treasurer's bond did not contemplate the evolution of the Business Administrator's position. It is suggested the Business Administrator's surety bond coverage be increased to the same amount as the Treasurer's.

Governmental Accounting Standards Board Statements:

The next Governmental Accounting Standards Board ("GASB") statement which will have a significant impact on the District will be GASB#75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions, will be effective for the fiscal year ending June 30, 2018. This standard replaces GASB#45, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions. It is similar to GASB Statement No. 68, Accounting and Financial Reporting for Pensions GASB#68 in that successful implementation of this standard will require the provision of certain key financial and non-financial information from the New Jersey Division of Pensions.

Single Audit

Effective for the fiscal year ended June 30, 2016, there will be significant changes to the Single Audit. These changes include the following:

- An increase in the single audit threshold
- Low risk auditee criteria
- Type A and B threshold
- Coverage requirements for major programs tested for both low risk and non-low risk auditees.

Management Suggestions (Cont'd)

Additionally, the cost principles and administrative requirements such as A-87 have been consolidated under the *OMB Uniform Guidance: Cost Principles, Audit and Administrative Requirements for Federal Awards*. This guidance was effective December 26, 2014 for all new federal awards and for any additional funding for existing awards made after December 26, 2014.

Follow-up on Prior Year Findings

There were no prior year recommendations.
