Removal of members: Kelly Poppleton, cant make it to any of the meetings

Diana Arnold, lack of attendance

Ati So'o, Cant make the meetings

All members voted agreement.

Trustlands/ Budget:

Jeff Pryor is going to design a form that will help make the teacher accountable for what they spent. Karyn Allen her email stated that they went over budge it by 134.80 with no information about where the extra money came from. We don't have a total of science expenditures.

Ms. Lyons updated us on the construction in the choir and bands rooms. They should be done after Christmas break. Mr. Hutchinson was grateful to have his room back for wrestling. They are also putting in permanent walls to help with the sound replace the according walls in place now. It will be in science, a computer lab, and the special Ed. classrooms. Still in bidding process.

Hopefully by next meeting trustland budget info.

The next meeting is January 12th 2018.
