Principal Comments:

Monday will be Veteran's Day, the PTSA will be hosting a pancake breakfast for those families who have served or currently serving in the military. The ROTC students will be in full uniform and conduct the Flag ceremony. The choir will then sing the National Anthem and a couple of students will share their experience and gratitude for the military. During lunch the ROTC will do some demonstrating of several rifle maneuvers. Then around 2:00PM there will be an assembly where the students will rotate between three different stations: EOD and SWAT trucks will be out back, in the multi-purpose room there will be robots and soldiers dressed in EOD uniforms, and in the commons, there will be displays of all kinds of devices and bombs. Mr. Campbell also asked the students to dress up for the day to show their respect for all servicemen/women.

Trust Lands:

Mr. Campbell went through all the teacher grants and proposals. Most of the teachers and staff have purchased their materials. There have been a few setbacks in regard to Mr. Lia and the wood shop tools, which the District needed to come out and assess the room to make sure all protocols will be followed. The Science Department had two separate proposals and neither has been purchased yet. We have around \$60,710.00 still left to spend from this year's budget.

Comments:

Mr. Campbell mentioned a few changes we could use if we continued to do teacher proposals/grants for the use of Trust Land monies: Set a deadline. Have a deadline set that the teachers need to make their purchases by, if the deadline isn't feasible, then have the teachers explain the need for an extension. Also, with this last year and the amount of proposals we had, to maybe not have the teachers present but, just have the written proposal, that way, the council would be able to have more time to go over each one.
