

What happens when **families** and **schools** partner together?

THE **FAMILY E3** FRAMEWORK

A **PARTNERSHIP FRAMEWORK** FOR SBISD
SCHOOLS, FAMILIES & THE COMMUNITY

Students thrive.

We believe families and schools are equal partners in student success. Each plays a critical role as a champion for Every Child.

Family Education, Engagement and Empowerment (FAMILY E3) is SBISD's framework to ensure a sustained, strategic emphasis on families as partners in supporting the academic and social-emotional growth and development of Every Child.

All families have the capacity to support their child's learning. **FAMILY E3** supports and strengthens that capacity.

We believe in the power of families as Learners, Partners, and Advocates.

What **shapes** our approach to family engagement?

WE WILL:

- **Support** the development of the whole child and support current, future and former families
- **Offer** a personalized approach based on families' unique needs, leveraging our diverse community to inform our shared efforts
- **Develop** trusting relationships through meaningful two-way communication between schools, families, and communities
- **Ensure** every SBISD employee fosters a welcoming environment, with customer service as a priority based on the SBISD **Share a Smile** commitments
- **Use** SBISD Core Values to guide our actions, behaviors and decisions

FAMILY E3 PRINCIPLES

A partnership for #Every Child.

FAMILY E3 VISION

Every SBISD school will be a FAMILY E3 Partnership School. We will share responsibility and commitment among schools, families, and the community to champion the success of Every Child.

WE PROMISE TO:

Educate: Share knowledge, skills, and resources to equip families to support the development of the whole child.

Engage: Foster intentional collaborations between schools, families, and communities **for Every Child.**

Empower: Equip, encourage, and expect families to advocate for the success of their children, their schools and the school district.

Everyone has a role in FAMILY E3.

A photograph of a man with dark hair and a light blue button-down shirt, smiling broadly. A young boy with short dark hair, wearing a purple and white striped shirt over a white t-shirt, is sitting on the man's shoulders. The boy is also smiling. The background is slightly blurred, showing yellow and black mechanical parts, possibly from a construction vehicle. The text "I feel connected and empowered to be part of my child's experience." is overlaid on the lower half of the image. The word "connected" is in blue, "empowered" is in yellow, and the rest is in white.

I feel **connected**
and **empowered**
to be part of my
child's experience.
