THE IMPORTANCE OF READING

We encourage you to read to/with your child every day. Just 15 minutes a day will make a **TREMENDOUS** difference in your child's reading abilities. If your child can read, encourage him/her to read to you. If he/she can only read some words, allowing him/her to read those words will help him/her to feel successful and accomplished. If your child can't read at all, reading to him/her is just as beneficial!
