The contract shall not take insurance liability for any expenses or costs relating to funeral, which includes but not limited to cremation costs, cinerary casket expenses, etc.

Transport Cost for Third Party:

This Benefit is payable for travel costs (economy class) of an insured person's children under 18 years (the children should be additional insured persons under the policy) returning to their country of domicile under the circumstance that they will be left without the company of a parent or adult relative after the evacuation or repatriation of the main insured person or additional insured person. The benefit is also payable for travel costs (economy class) of any individual who because of medical necessity, has to go with the evacuated or repatriated patient. The number of accompanying person shall be limited to one.

[Note]:

Cigna & CMB will consider charges made for or in connection with approved organ transplant services, including immunosuppressive medications, organ procurement costs, organ freezing expenses, and donor's medical costs. The amount payable for donor's medical costs is reduced by the amount payable for those costs from any other plan or source. Certain transplants will not be covered based on general limitations (i.e. experimental procedures). The main insured person or additional insured person must contact Cigna & CMB to get authorization before incurring any costs relating to organ donations or the claim may not be paid in full or it may be denied. In all cases of failure by the main insured person or additional insured person to get such pre-authorization where Cigna & CMB agrees to pay the claim following treatment, the main insured person or additional insured person will have to pay 20% of the eligible treatment costs.

3. The USA:

- In-patient Stays

Before being admitted to hospital in the USA for in-patient stays or day case treatment, Cigna & CMB will authorise institutions to review and approve the in-patient stays or day case treatment, eligible treatment costs and will advise you of the length of agreed stay. If you need to stay longer in the hospital for the continuation of in-patient treatment than what was originally approved, it will be reviewed by the institution that will advise you if the request for the extra days is approved. For emergency in-patient admissions, the attending medical practitioner should call the US institution helpline.

For emergency situations* pre-authorisation is not required immediately for the above mentioned treatments. However, you must contact Cigna & CMB within 24-48 hours after the emergency occurs to obtain authorisation for eligible treatment. If you do not contact Cigna & CMB prior to the treatment or if you do not contact Cigna & CMB to get authorisation within the given time after treatment in cases of emergency situations, the claim may not be paid in full or it may be denied. In all cases of failure by you to get such authorisation where Cigna & CMB agrees to pay the claim following treatment, you will have to pay 20% of the eligible treatment costs.

*Emergency situation refers to those if left untreated with the treatment requires pre-authorization could result in a significant deterioration of health to main insured person or additional insured person.
