

LIGHTS CAMERA ACTION —FAB LAB—

You and your family are invited to participate in a FREE open session of focus, collaboration and fun!

WHO: Families with children aged K through Grade 5

WHERE: Roland Park Country School's Innovation Space

WHEN: Saturday, October 19, 9:00 a.m. - 11:00 a.m.

RSVP: www.rpcs.org/fablab

EXPLORING LEDs

Amp up your star power by sewing an LED patch. With a needle, conductive thread, LEDs and a power source, clothes or accessories can be transformed into wearable electronics.

MOVIE MAGIC

Rolling! Turn your idea or story into a blockbuster film using our Green Screen, LEGO MiniFigures and Model Magic.

CARDBOARD CORNER

Flex your creative and engineering muscles behind the scenes. Build arcades and marble mazes using cardboard and other everyday objects.

MAKEY MAKEY

Invent a movie soundtrack or explore various instruments and sounds as you program music using a Makey Makey.
