

St. Louis University High School celebrated the 50th annual Cashbah dinner auction on Saturday, April 6. This year's theme was the "Golden Gala," a celebration of a half-century of raising awareness and support for the financial aid program at SLUH, which will award over \$6 million in total financial aid this school year, including \$4.1 million of direct aid to 42% of families.

For over 200 years, SLUH has been committed to serving young men based on their ability to succeed and not their families' economic circumstances. We salute our generous sponsors for their leadership support of our Jr. Bills.
