

Mr. Joshua Morse
Widefield District #3 Credit Recovery Facilitator
Social Studies

Welcome to credit recovery, you have taken on responsibility for making up the credits you need for graduation. I have 15 years teaching experience which will be a valuable resource for you as you work towards completing credit recovery. I refer to myself as a resource because credit recovery is different than the traditional classroom and student teacher relationship. I am here to assist you when you have content, concept or skill related complications. However, the responsibility of learning and completion of assignments is placed directly upon you the student. Below you will see a list of my expectations, as well as contact info and office hours. This information is absolutely critical and must be shared with your parent(s) or guardian(s).

- MUST make weekly contact with me, via email or text/phone
- Pretest must be taken under credit recovery facilitator supervision
- PLEASE take the pretest seriously, an hour spent taking it seriously can save you days of work
- Log in each day, the sooner you get the coursework done the sooner your summer begins
- Don't lie to Mom and Dad about the work you are doing, I will be able to send them screenshots of exactly what time you login, the work you finish, how long you were on etc... seriously it doesn't work!
- There are no refunds if you fail the class, please don't waste your money!

-My contact info is as follows, email= morsejosh@wsd3.org, my ph# is 719-209-0638. Email is the quickest way to make contact. Please text me your full name and course IMMEDIATELY!
