Our goal is to help those who, like us, have lost someone dear to them by death. Spiritual and emotional support helps in dealing with your grief and helps you to heal. We use the "Ten Stages of Grief" to help you better understand what you are going through. We will also have Biblical readings and music.

All faiths are invited and welcomed!

There is no cost for this seminar,  
but we do ask you to register so we can have  
adequate materials available.

**Please call the Rectory Office to register 313-277-3110.**
