

ROEDEAN

MOIRA HOUSE

WELFARE AGREEMENT FOR FLEXI & WEEKLY BOARDERS

If your daughter is not a full time boarder at Roedean Moira House and remains registered with your family Doctor, arrangements if necessary will be made to see a doctor at the Surgery our full boarders are registered with. Your daughter can be seen as a temporary patient. However if you would prefer her to be registered with a doctor in Eastbourne that can also be arranged.

Please see the information below which clarifies the medical services the school will provide, and that which will remain your responsibility.

FOR BOARDING PUPILS NOT REGISTERED WITH THE SCHOOL DOCTOR

The school will:

- * Give first aid whenever necessary
- * Continue to look after pupils who are not well and need the care of the boarding Staff
- * Contact the parents or guardians if, after assessment the pupil requires urgent medical attention. In this event the parents or guardian will be expected to collect their daughter immediately or make arrangements to meet at the hospital if it was necessary to call an ambulance
- * Contact the parents or guardians if, after assessment the pupil requires medical attention. In this event the parents or guardian will be expected to make medical appointments for their daughter, collect her and take her to the appointment

Parents/Guardians will:

- * Provide up to date contact information to the school office so that they can be contacted should their daughter require urgent medical attention
- * Be available to collect their daughter from school in the event that they require medical attention
- * Keep the school informed of the name and address of their daughter's GP, so this information can be given to emergency services when needed
- * Continue to keep the school informed of any medical conditions their daughter has and any medication she is taking
