

FAITH + COMMUNITY + EXCELLENCE

## Birthday Celebrations:

Each student will be celebrated on their Birthday at Sacred Heart. However, in order to eliminate excessive sugar in the classroom and be attentive to students with food allergies, we have made the following changes to how we will celebrate in each grade band.

- In Grades PK -2, Parents and/or family members of the child with the birthday are invited to the classroom to read to the class. The birthday student will be recognized by the class. Please do not bring in food, non-food treats, prizes, or balloons.
- In Grades 3-5 the birthday student may bring in a small, **non-food** item to share, but it is optional, and the birthday student will be recognized by the class. Please do not bring in balloons.
- In Grades 6-8, Student Council has formed a Birthday Club, who will decorate each student's locker on their birthday. The birthday student may keep their decorations up for one week after their birthday. Please do not bring in food, non-food treats, or balloons.
- Birthdays for students and staff will be announced during morning announcements.
