

# Remove a subscribed calendar/feed on iOS device

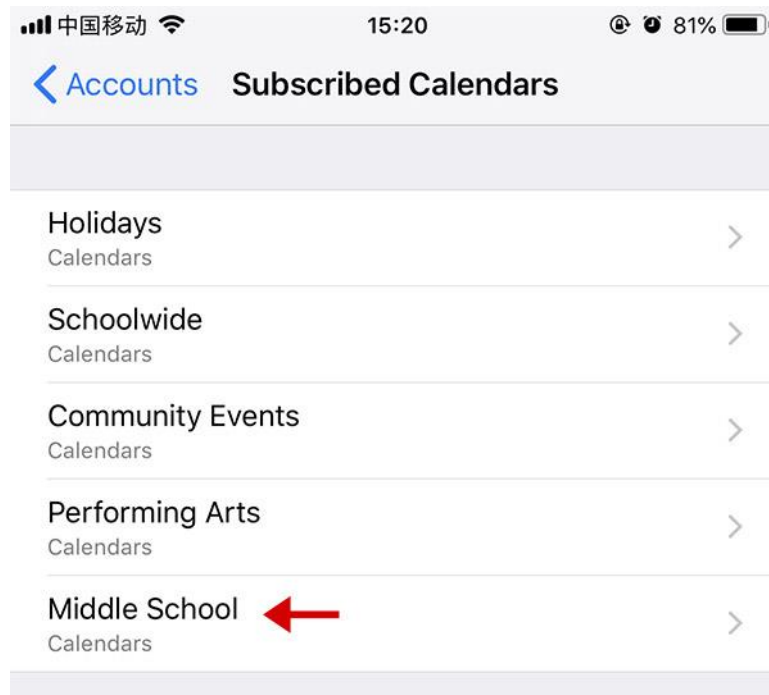

(Last revised on September 2019)

## 1 Go to the Settings app on your device:

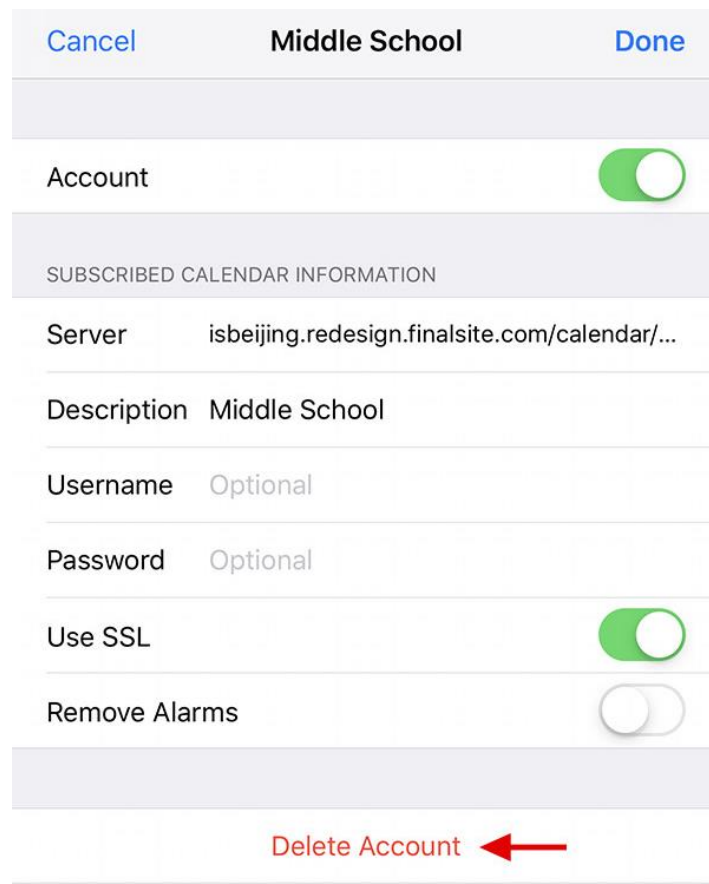

- Go to the menu item labeled "**Accounts and Passwords**".
- Select "**Subscribed Calendars**".

## 2 Select the calendar to be deleted

## 3 Click "Delete Account" to remove subscription.

④ Repeat the above step 2-3 until all your unwanted calendars have been removed.
