

EISD Middle School Textbook List

Curriculum Overview/Use of Resources: The Eanes ISD curriculum is developed by our teachers and is aligned to the Texas Essential Knowledge and Skills (TEKS) state standards. This district curriculum is taught by our teachers using a variety of resources both printed and online. Some parents have indicated that they would like to have the option to purchase textbooks for their students instead of accessing the resources online. Based on this request, we have generated a resource list of textbooks that are used in our classrooms by subject and grade level. Please keep in mind that each subject/grade level will vary in the reliance/use of the textbook. We would encourage parents to reach out to their students' teachers to determine the frequency/use of the resource prior to any purchase.
