

In an attempt to help resolve some of the issues with home access to **ConnectEd** and **Think Central** for students from home, we have created the Home link tile for each application on student's Clever Dashboard.

The following instructions will guide you through how to log into your **Think Central**, or **ConnectEd** applications from the Home link tile placed on your **Clever Dashboard**.

Step 1. Log in to your **Clever Dashboard** and access **ConnectEd** or **Think Central** simply by selecting the application tile that includes **Home** in the corresponding application.

Step 2. After launching the application, enter your authentication information at the login screen. The standard sign-in information for students for these application are as follows:

Think Central

User name: Students standard Login ID (example: **j.doe7**)

Password: Google Password

ConnectEd

User name: Full Google Email Address (example: **j.doe7@lodiUSD.org**)

Password: Google Password
