Tanglin Trust School

Sports Calendar
Key Events Term 1

Forward

It is my pleasure to publish the first Tanglin Trust School Sports Calendar. There are many sporting activities that take place at Tanglin through each term. Many of these are regular Singapore school based competitions. Others are significant local, regional and international events. A key aim in 2019/20 is to bring together the Tanglin community, to develop a clear sense of pride in everything that goes on in this amazing school. Therefore, it is good that everyone knows when key events are on!

Regardless of whether your child is taking part in the events listed, you may wish to come along and support Tanglin. We hope to see you on the sidelines.
