## Why We Do What We Do For US

Your Family and Corporate Sponsorships will provide so many amazing experiences for our kiddos (see my guy inline skating in PE!). But don't take my word for it - listen to what your teachers are saying about your generosity:

Tanna Fiske - 3rd Grade Teacher - The CCE booster club support is a vital part of what makes CCE the wonderful community that it is. Teachers feel so validated when we get booster buddy treats, financial help with setting up our classrooms at the beginning of the year, teacher appreciation week is a HUGE morale booster, fall gift requests, lunches on in-service days, snacks for faculty meetings, ALL make life so much sweeter for our teachers. These seemingly little things make such a GREAT difference in our culture.

Stephanie Cowan - 4th grade teacher and CCE parent - The CCE Booster Club Parents are the backbone of our teachers!! The creative and innovative things that we have been able to bring into the classroom for our students are due to the fact that booster club parents are always eager and willing to provide that financial support - 100 steps above any support that an elementary school is worthy of. I am proud to contribute to and benefit from such an integral part of our district and community. My classroom environment is due in part to the assistance from the booster club, and that feel enriches my student's learning so much. Thank you Parents!
