New from transportation - Portal to track students school bus

The District is implementing the Edulog Parent Portal, a self-service app that allows you to track your child's assigned transportation to and from their school to the bus stop. Track in real-time your child's bus's position as well as configuring notifications to alert you when your child's bus is nearing pickup or drop-off.

The Edulog Parent Portal is now available to parents and students. Parents/Guardians can use the app to get started today! Your student's id number (5 digits - they use it for lunch) along with their date of birth is needed to register. You can download the app for both iPhone and Android models.
