6. School Improvement Plan:

- The SIP is available for view on the school website
- We have 3 goals which include:
 - Informative writing – 1% increase in rubrics score
 - DIBELS (Now called Acadience) – 70% of students will reach at or about typical growth and 3% increase in proficiency from 3 year grade level progress
 - Math - 70% of students will reach 70% of proficiency on RISE benchmarks.
Using CMI training for professional development to help us achieve this goal.

7. Budget:

- We allocated money to go toward tutors, Americorp reading coordinator, and technology licenses.
- Waiting on processing of funds to see where we are at. Should have those numbers by next meeting.

8. Safety:

- a. We have 2 busses that come to our school and due to the layout of our parking lot it is hard for the busses to get in when cars are lined up in the drop off line. The west driveway entrance will be closed off when the busses arrive to help them get into the parking lot. Once the busses are in and parked the entrance will be opened up again for parents to pick-up or off their students.
- b. The District is aware of the situation and reviewing various solutions.
- c. Please be watchful when dropping off your students and be patient as this gets resolved.
