THE PATH TO OPPORTUNITY

The Wyandotte Scholarship Foundation was established in 1989 as a non-profit organization that has awarded financial assistance to over 600 students. The Foundation's goal is to encourage Roosevelt High School graduates to seek a better life through continuing education.

Wyandotte, a historically industrial community, provided young graduates with many decent jobs. Spending time and money to attend college or a trade school was not the norm when a good-paying job was awaiting them.

However, times have changed. We recognize an advanced education is critical. The first step in this direction is of utmost importance. Financial support encourages young men and women to believe in themselves and seriously consider taking that first step. The critical step to prepare students for professions in high tech world requires post graduate training.
