The Walking Classroom Increases Engagement

The Walking Classroom is a national award-winning education program that provides students and teachers with an innovative way to get exercise without sacrificing instructional time. The nonprofit program's "Walk, Listen, and Learn" methodology capitalizes on the favorable link between exercise and cognitive function. The increased engagement while being outside encourages students to behave and focus so they can participate again. Students are able to focus more in class and their physical activity helps their overall development. It allows us to have special quiet and calming time, while also adding movement and learning. Many thanks to EKPTO for providing grant money for SLC to purchase the Walking Kits!

Positive Behavior Gets Rewarded

SLC has been fully implemented a positive behavior system for the 2019-2020 school year. Positive behavioral interventions and supports (**PBIS**) is a way for us to encourage good behavior. With **PBIS**, we teach kids about behavior, just as they would teach about other subjects like reading or math. The focus of **PBIS** is prevention, not punishment. Students earn vouchers for demonstrating positive behavior. These vouchers can be traded for experiences. Here is a list of voucher experiences that students are working for:

Trader Joe's Field Trip

Chips & Salsa Voucher Event

Costco Field Trip Scavenger Hunt

Movie Day Voucher Opportunity

Video Game Day Voucher Opportunity

In & Out Field Trip

Poetry Café event at Barnes & Noble

Face Painting Voucher Event

Let The Games Begin!

Students who earned Game Day through PBIS had a fantastic time playing games and socializing! *Jenga*, *Life*, *Uno*, *Penguin Pile Up* and *Headbands* were just a few games students had fun playing! We are looking forward to the next PBIS opportunity.
