

Petition for AP Grade Change

Fall 2019

Periodically, students will earn a qualifying score (3,4, or 5) on a an AP National Exam, and they believe this is more representative of their learning than the letter grade they received in their AP class (2018-2019 school year). In this case, students may petition for a grade change.

To petition for a grade change, please staple your word processed/typed rationale to this form and return it to Ms. Winquist, the AP Coordinator, in F2A by **October 18, 2019 at 7:45am**. A decision will then be made whether to approve your request, and you will be informed of your teacher’s decision by October 30, 2019.

One petition must be completed for each AP class for which a change is being requested.
