

**Lake Washington School District
Wellness Policy Assessment
October 2019**

Ensure that district health and physical fitness curriculum is aligned to State's Essential Academic Learning Requirements and to Grade Level Expectations.

- Health and physical fitness curriculum is aligned to state standards and grade level expectations
- Health and physical fitness curriculum includes emphasize on importance of proper nutrition and physical activity

Ensure that the offerings of the School Lunch and Breakfast Program comply with federal guidelines.

- The Nutrition Services department ensures that the lunch and breakfast offerings comply with federal guidelines.
- Serve meals that include a variety of foods that are low in fat, saturated fat and trans-fat; that include a variety of vegetables, fruits, and whole-grain products and that use sugars and sodium in moderation.
- Enhance and promote an individual student's ability to make nutritious choices from menu offerings.
- Continue to develop, test, and implement effective healthy menu options, which balance cost, participation, nutrition, and food safety.
- Provide nutrition information on school meals and a la carte items.
- Offer schools educational materials and on-site nutrition activities.

Ensure that sale of foods during the school day comply with federal guidelines.

- The Nutrition Services department ensures that the lunch and breakfast offerings comply with federal guidelines. Vending machines only sell products that that comply with federal guidelines. In addition, the student stores are responsible for only selling from the list of approved foods that is maintained by the Nutrition Services department. Schools are reminded annually that fundraisers conducted during the day that involve food must comply with federal guidelines.

Develop guidelines for foods provided (not sold) to students through classroom parties / school events, rewards, and / or incentives.

- Foods provided to student through school sponsored parties, events, rewards, and / or incentives shall comply with the restrictions for food sales, except that occasional school sponsored class parties and celebrations or school-wide events shall be exempt from the above guidelines, however, providing healthful options is strongly encouraged. No more than three such exceptions shall take place in a given school year.
- Parents are encouraged to bring healthy treats for students when providing these from home. School staffs, parent organizations, and families will be asked to consider nutrition when food products are given to students in classroom settings for celebrations, rewards or as fund-raising incentives. Healthy food or non-food choices should be considered as an alternative. If snack foods are provided, students of any parent not wishing their child to receive a food reward or incentive should be provided a suitable alternative.
