

**RED BANK PRIMARY SCHOOL POWER HOUR**  
**Mentoring/Tutoring After School Volunteer Opportunity**

Power Hour is an after school mentoring/tutoring program at Red Bank Primary School. It is completely staffed by high school volunteers and offered to Primary School 2nd and 3rd graders. The program meets on Mondays at 3:15 at the Red Bank Primary School, 222 River Street, and finishes up about 4:30.

Primary School students who join Power Hour are selected by their teachers and are generally students that not only need help with school work, but need a role model in their young lives. It is a fun and truly rewarding experience for all volunteers. Students form an immediate bond with volunteers, resulting in a desire to do better in school. Volunteers feel a sense of accomplishment as the students progress in their school work and socialization skills. Making a positive difference in a child's life is a wonderful feeling!

Anyone interested in volunteering should contact Mrs. Caroline Dwyer at :
