

MARET THERAPY SUPPORT PROGRAM

The Maret Therapy Support Program assists former Maret students who report to the School credible stories of abuse or misconduct committed against them by a Maret faculty member by providing them with access to therapy resources. At times, that has meant directing these former students to possible care providers as well as covering the cost of therapy up to a defined amount and for a stated period of time. The goal of the Therapy Support Program is to help former Maret students gain access to therapy in a way that is supportive, thorough, sustainable, appropriate, and foremost recognizes the needs of the individual.

If you would like more information about this program, please contact either Maret's Director of Counseling (202-939-4064) or the Head of School (202-939-8819).
